**Suresh Ustepali** 

We have seen tremendous progress in our son's ability to play chess. Very much constructive syllabus and perfect method of training from this institute

 **Vedashruthi Majumdar**

I have a 6-year-old daughter learning beginner level chess (online) from Chetan sir. We are based out of Texas, US. She is in a batch of 3 kids (same age group). Chetan sir is very patient in teaching kids, explaining the concepts multiple times so that kids can grasp the basics. He encourages kids to practice chess online, he reviews their games and assesses the kids and focuses on concepts where they are lacking. My daughter has developed interest and we are now thinking of perusing chess on a professional level with "Mandya Royal Chess Academy". I would highly recommend "Mandya Royal Chess Academy" to parents who are looking for their kids to learn chess

**Sahana Raghav** 

It has been a wonderful 1 year experience when my son joined MRCA. When he joined MRCA he moved from beginner to intermediate and his confidence has moved very well. He always wanted to have positions confidently because of MRCA faculties.
